Success story of Zola Maseko Founder and Director of LengenDraw (Pty Ltd)

Zola Maseko started at African Academy in 2007 with a bridging course and proceeded to complete the MDDOP course in 2008. He successfully acquired employment in 2009 and established himself as an AutoCad and Revit Specialist in the MEP (Mechanical, Electrical and Plumbing) Building Industry .

After 7 years of being in the building industry , in July 2015 he founded LegenDraw PTY (LTD).The Company was created with a vision to minimise the Revit Draughting need in the Building Industry. LegenDraw is a Draughting agency that offers all building Draughting services for all types of Industry. We offer Draughting , training and BIM solutions. We also believe in giving back to the youth and are training and placing a number of Draughtspersons across the MEP Industry specifically.

We pride ourselves in having already further trained and employed former African Academy (2013) students Mduduzi Dlamini , Precious Gondwe and Gift Chiuye are all LegenDraw employees who continue to spread their REVIT MEP/Autocad knowledge within the Building Industry. Students who have just completed their Multi-Disciplinary drawing office practice(MDDOP) from institutions like African Academy are given further training and work experience so they can be employable.

The need for companies to use Revit MEP is growing quickly while the skills required become less. Legendraw was created to fill that gap for clients that are starting up and for established clients who may be in need of urgent professional Revit MEP services.
